Lunch & Learn Program

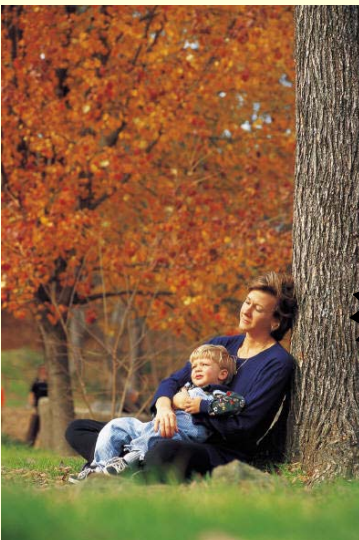

ARE YOU READY?

BE PREPARED...

- ✓ Prepare Your Family Disaster Supply Kit
- ✓ Emergency Planning for people with disabilities
- ✓ How to locate and evacuate to a shelter
- ✓ And even contingency planning for family pets
- ✓ MORE—IF TIME PERMITS

Disaster preparedness is no longer the sole concern of earthquake prone Californians and those who live in the part of the country known as "Tornado Alley." For Americans, preparedness must now account for man-made disasters as well as natural ones. Knowing what to do during an emergency is an important part of being prepared and may make all the difference when seconds count.

But we also know that **we can take action now** to help protect our families, help reduce the impact an emergency has on our lives, and help deal with the chaos if an incident does occur.
